Year 11 Revision Timetable
September 2026

Name: _____

Tutor: _____

Instructions

- 1) Look at your exam timetable. Carefully check that you are entered for all the exams you think you should be entered for. Cross out the exams on this timetable that do not apply to you and highlight those that do. Get a friend to double-check. Ask a mentor or someone at home to triple check it for you - it's easy to make a mistake and not to see it for yourself!
- 2) Now go through the timetable and blank out any days that you know you can't work on - eg day out, big football match, theatre performance, family wedding etc
- 3) Decide on a list of rewards that you would like to give yourself for working hard. This can be as simple as a favourite meal, time online, a trip out with friends, a game of basketball. Make sure these are rewards that can **fit in as one part of your revision** - in other words, something that takes about 30 minutes on average. Think carefully about timings - try to co-ordinate with your friends so that you can share the incentive to get revision done.
- 4) Look at the topics for the subjects you study. Give each topic a star rating according to how well you think you know it. Three stars = confident, two stars = needs work, one star = weakness.
- 5) First put in sessions for your **one star topics**. You need to make sure you cover these topics first, and more regularly throughout your revision period. Then fit in your two star topics, and finally your three star topics.
- 6) As you start to follow your timetable, tick off or cross out the study sessions you have completed. If you miss one, move it to another time on your revision timetable that you had previously kept free.
- 7) Expect us to ask you about this! Carry it around with you in your bag. Use it and make it worth the effort you've put in to creating it. On paper it's just words, but when you stick to it, you're following your own routemap to being really successful in your mocks.

Why does it matter to be successful in your mocks?

Once you've had one success, you'll know you can have more!
In other words: train as you play.

Mock Revision Reflections

How well did I stick to my timetable?	
Which revision techniques worked well for me?	
Which revision techniques do I need to try for the next round of exams?	
How did I motivate myself?	
I am proud of...	
I wish I had....
